## LONDON'S Y.M.C.A. GETS BIG FUND

Mr. Charles S. Ward's Campaign in  
British Capital Comes to  
Close.

LONDON, Tuesday.—A grand aggregate of £32,385 had been collected by Mr. Charles S. Ward, of New York, and his assistants for the Young Men's Christian Association's new building in London when the subscription list was officially closed this evening. Mr. Ward expected to collect \$500,000 in the twelve days' campaign.

Mr. Ward attributes the lack of full success in the campaign to misunderstanding of the purposes of the institution and to prejudices engendered by the narrow-mindedness which surrounded the former headquarters of the Young Men's Christian Association at Exeter Hall.

Among today's contributions was one of \$1,500 "on condition that tables be installed." This was accepted.

Mr. Ward's efforts were supported by Lord Northcliffe with all his newspapers, Earl Grey and Mr. Andrew Bonar Law.

The Young Men's Christian Association, although it is an old institution in London, has been comparatively unknown. Its new house, which has just been completed at the cost of \$1,000,000, is to be conducted on American lines. Immense dials were placed in prominent positions throughout the city showing the amount collected daily, and these have attracted vast attention. The newspapers appealed to London to save the reputation of the city by sending in subscriptions.

## EARL GREY OPTIMISTIC OF CANADA'S FUTURE

LONDON, Tuesday.—Earl Grey, erstwhile Governor General of Canada, today received the freedom of the City of London. The ceremony took place with the usual historic observances.

Earl Grey is the third member of his family to receive this honor. This forms a precedent in the annals of the ancient city. Earl Grey in the course of a speech said he recognized that it was the desire of the City of London to do the fullest honor in its power to the spirit of the people of Canada, which some day was destined to be a controlling part of the British Empire.

The day was approaching, he said, when Canadians would be ready to assume the full status of partners in the responsibilities and obligations as well as in the privileges of the Empire. The desire to acquire as soon as possible the fullest measure of imperial citizenship was growing among the most thoughtful people of Canada. All must rejoice, he concluded, at this evidence of the quickening of self-respect in an adult and no longer an adolescent nation.

## SEES WORLD CONFLICT IN PACIFIC OCEAN

LONDON, Tuesday.—A gloomy prophecy as to the probability of conflicts in the Pacific Ocean was made today by the well known lecturer on military strategy, Mr. T. W. M. Maguire, at a meeting of the Royal Colonial Institute.

Mr. Maguire described the Pacific Ocean as the "strategic center of mankind" and warned both the United States and Great Britain that "nothing could give them security but a race of military men," as with nations like Germany and Japan it was a word and a blow.

The yellow races, he said, were going to demand equality of treatment. Japan was at present Great Britain's ally, but that would only last as long as the British alliance was worth having, he declared. Great Britain's territories in the Pacific Ocean were, he considered, by no means safe and "the Japanese might attack and eat the Americans any day."

## QUIPS AT PLAY CENSOR

Obtains Rights to "Le Petit Cafe,"  
French Farce, Which Will  
Be Music Show.

[SPECIAL DESPATCH TO THE HERALD VIA COM-

HERALD BUREAU,  
No. 130 FLEET STREET,  
London, Tuesday.

Mr. Marc Klaw said today that the reason for the lack of success of many English theatres was the rigid rule requiring evening clothes, the tremendous free list and the fact that the English plays cater to a few fashionables in the stalls instead of the red blooded public of London. Then, after announcing that he had obtained the rights to the French farce "Le Petit Cafe," for which Mr. C. M. S. McLellan is to write the book and Mr. Ivan Caryll the music, he said he thought "Diva," which he has just bought from Mr. George Edwards, would please New York.

He slapped the English censor by intimating that the exclusion of the bathing scene and the harem in "Kismet" probably was due to some body's ineradicable prejudice against bathes.

## TROOPS IN READINESS FOR HOME RULE CLASH

BELFAST, Tuesday.—Several regiments of cavalry and infantry have been ordered to hold themselves in readiness to come to Belfast at short notice because of the campaign between nationalists and unionists over home rule. The manoeuvre of the unionists in threatening to blockade Ulster Hall, where the home rule demonstration is to take place, has incensed the liberals and nationalists, and trouble is threatened.

The Corporation of the City has agreed to let Ulster Hall to the unionists for the demonstration on February 7, the day preceding the meeting at which Mr. Winston Spencer Churchill, First Lord of the Admiralty, and Mr. John E. Redmond, leader of the Irish Nationalists in the House of Commons, are announced to speak there in favor of home rule. The unionist meeting is believed to be a scheme by which that party will retain possession of the hall and thus keep the nationalists from holding their meeting on the next day.

## SERBIAN HEIR GIVES UP POST IN ARMY

cause of Anti-Dynastic  
Black Hands.

BELGRADE, Tuesday.—The existence of a secret society known as the Black Hands has been discovered among the younger officers of the Serbian army. The object is supposed to be anti-dynastic, and as a consequence of its discovery the Crown Prince has resigned his office as inspector general of the army, which carries with it the duties of commander in chief.

## Yuan Shih-kai Appeals to Manchus to Defend Throne

In Secret Meeting with Dowager Empress Premier Advises  
Imperialists to Await Advance of Rebels, but  
to Prepare for Resistance.

PEKIN, Tuesday.—Yuan Shih-kai secretly visited the imperial palace early this morning and agreed with the Empress Dowager's proposal for a resumption of hostilities. He suggested that the Manchus sink their differences wholeheartedly and provide the necessary funds for the campaign, but advised awaiting the advance of the revolutionaries.

The advice to await an attack by the rebels a distasteful to his younger princes whose talk of war is alarming Pekin. It is reported that T'ieh-liang, the Tatar General at Nanjing, who is largely responsible for the reaction, advocates the killing of Yuan Shih-kai, whose influence he thinks is so great that he should not be permitted to leave the capital. Yuan Shih-kai evidently foresees the possibility of an attack upon him and is adopting extreme precautions.

Another thousand Chinese troops of the Imperial army from Paoing-fu, in the Province of Chihli, arrived here this evening, making Yuan Shih-kai's force of Chinese four thousand. Against these are twelve thousand Manchus troops of the Imperial army, who it is believed, are being incited against Yuan Shih-kai.

It is difficult to believe, however, that even the more hot-headed princes will countenance Yuan Shih-kai's assassination, which would assuredly entail the extinction of the clans, as the majority of the Northern troops are loyal only to Yuan Shih-kai.

Yuan Shih-kai today made the following statement regarding his position:—  
He is inspired primarily by the desire to serve the best interests of the Chinese people and not of either the republicans or the monarchists. He is seeking no selfish ends and hopes to continue in office as Premier long enough to cause a proper election of members of the National Assembly, or otherwise ascertain the correct view of the majority of the people. As, however, a general election seems difficult to accomplish, considering the attitude of the republican leaders, he desires to bring about peace and some form of substantial government as quickly as possible. He would be willing to resign and deliver the control of the government to any capable man who would and could find a solution to the best interests of China. Certain foreign legations had urged him or expressed the hope that he would continue in office, saying they had confidence in his administration.

## MR. CALHOUN REPORTS STAND OF MANCHUS

WASHINGTON, D. C., Tuesday.—Mr. Calhoun, the Minister to China, has reported to the State Department confirming press reports that the Manchus have decided last night not to abdicate, but to leave the determination of the future form of China's government to a national convention. The department is not informed whether the negotiations between the Pekin government and the revolutionaries South will be continued.

Washington sees a marked tendency toward the reactionary movement in the latest development, especially in the fact that Prince Ching, the erstwhile Premier, has been denounced for favoring abdication. The prospect of an agreement between the revolutionaries and the imperialists is steadily diminishing.

## MR. TAFT MOVED BY CHINA'S DISTRESS

WASHINGTON, D. C., Tuesday.—President Taft is taking a hand in the efforts of the Red Cross Society to raise funds in the United States for the relief of famine sufferers in China. As president of the society he called for a report today covering responses to recent appeals for aid.

Conservative estimates place the amount needed to tide over the situation until harvest time at \$1,800,000, and Americans will be asked to contribute \$1,000,000 of this fund.

In the belief that the American people will be moved by the reports that there now prevail suffering unequalled in the history of China, the Red Cross officials will make a few days before issuing more urgent appeals for funds.

It is said that President Taft feels that in no way can the United States so fittingly show its sympathy for China as in its subscriptions to a fund for the famine sufferers.

## CABINET TO QUIT, SPAN IN UPHEAVAL

Press and People Mystified by Probable  
Return of Conservatives  
to Power.

MADRID, Tuesday.—Señor Canalejas's Cabinet has virtually resigned. The reasons for the projected return of the conservatives to power, which is deduced from the audience of Señor Maura, leader of the conservative party, yesterday afternoon with the King, are not clear in the minds of the public. The liberal newspaper "Universo" contends that the change is due to the necessity of combating the growing republican and socialist forces.

The liberal newspaper "Universo" declares the return of the conservatives and demands an explanation of the mystery.

It is understood that the contemplated retirement of the Canalejas Ministry is due to the cohesiveness of the King in his audience with the Premier in regard to the commutation of the death sentences of the revolutionaries involved in the murder of a judge last September.

The Premier's answer that he knew nothing about the matter except that his fall had been announced everywhere, and added that for his part, in view of the persistence of the reports, he was quite disposed to quit. The King, however, said that he would not hear of such a thing.

Señor Canalejas declared that the reports were fabricated in the lobbies of the Chambers and that Parliament would resume its labors tomorrow to-morrow.

The Premier's statement is received here with incredulity. The general conviction is that something really happened, but an explanation has not yet been given.

## FIGHTS DORDOISE HALF HOUR TO AND KINGFISH AT MIAMI

Mr. Charles F. Richmond, of Brockton, Mass., Hooks Eighteen  
Pound Fish and It Is Attacked.—Mr. William  
L. Douglas with Him.

[SPECIAL DESPATCH TO THE HERALD.]  
MIAMI, Fla., Tuesday.—There is a tale of a Northern fisherman who baited a hook with a minnow, which was swallowed by a bass, which was swallowed by a pike, which was swallowed by a muscalonge, and he pulled in the whole string at once. Something similar happened here today to Mr. Charles F. Richmond, of Brockton, Mass., but instead of a string of fish he got only a shredded kingfish.

With Mr. William L. Douglas, of Brockton, one time Governor of Massachusetts, and Mr. John M. Richmond, of Providence, Mr. Richmond chartered the yacht Samson and went out to spend the day fishing. He hooked an eighteen pound kingfish and was pulling it in when a porpoise attacked the fish. There was a lively struggle between man and porpoise, which was won by Mr. Richmond after a half hour's fight. The kingfish was torn almost in pieces when finally landed in the boat.

Mr. and Mrs. Harrison B. Moore, of New York, took a short trip to the yacht, the Corsair, including Mrs. Frederick Woolley, Miss Mary Woolley and Miss Estelle Christie, of New York, and went to the Soldier Key Club house for luncheon.
